

Dear Supporter,

The Lodi Community Foundation and San Joaquin Community Foundation are pleased to invite you to the Annual Community Philanthropy Summit on Thursday, April 10, 2025, from 8:00 a.m. to 1:00 p.m. at Hutchins Street Square in Lodi. The topic for this year's event is:

Leadership in Nonprofits and Leveraging Technology and Artificial Intelligence (AI) to Drive Impact.

Welcome this year's guest speaker, Mr. Matthew Soeth. Matthew Soeth is the Executive Director of the Thriving in Games Group, a global nonprofit supporting video game development and fostering safe online spaces. With a background in business development for tech startups and large platforms, including serving on TikTok's Global Trust & Safety Team, he has extensive experience in creator support and brand safety.

Matt is the co-founder of #ICANHELP and co-creator of #Digital4Good, initiatives celebrating youth leveraging tech for social impact. He also co-founded the Social Media Helpline, the first U.S. support service for schools addressing social media challenges. A former educator with 15 years of experience, Matt developed policies and resources for online safety in schools and continues to advise nonprofits like the Aaron Judge ALL RISE Foundation.

Event Overview

Join Mr. Soeth for an engaging one-hour talk on the critical role of leadership in the nonprofit sector. We will explore how technology and artificial intelligence can be strategically employed to enhance operational efficiency, drive fundraising efforts, and amplify mission-driven outcomes. Key takeaways include:

- ✓ Insights into effective nonprofit leadership strategies
- ✓ Real-world examples of technology and AI applications in nonprofit operations
- ✓ Practical solutions to common challenges faced by nonprofit professionals
- ✓ A personalized Q&A session addressing unique organizational needs
